Luvbug Studios Wedding Album Contract

Design Style: Images will be arranged in a manner similar to that on the Luvbug Studios website unless other design style requests are clearly stated below.

Terms of Agreement: Client and Photographer agree to make every effort to complete each portion of the album process as quickly as possible. There is no guaranteed timeline, but Client should be aware of the fact that the whole album creation process takes months - not days. Delays can be kept to a minimum by returning emails and completing the edit of rough drafts as quickly as possible.

Deposit: Once the process begins, there will be graphic designers, book binders, and an image printer - all of whom need to be paid in a timely manner with the completion of each phase. Because of this, Client agrees to place an **advance deposit of at least \$1000 at the project start**, and larger amounts will be necessary for larger projects or multiple album sets.

After the initial design is produced, Client will have 30 days to provide a list of all changes that are desired. Unlimited changes are allowed at this point, but they must be written down as very specific instructions. It is recommended that you have a spouse or other person proof read your instructions to make sure they are easily understood.

After the second draft is produced according to the changes you requested from the first draft, you still have the option to change your mind again and make even more edits, but after this point you will be charged at a rate of \$70 per hour. A lot of changes can be accomplished in an hour. This rate will be added to the total bill before printing.

Conditions of Termination: If Client fails to produce a reasonable list of requested changes to the first draft within 30 days of receiving the proofs, (or a reasonable request for extension) then Luvbug Studios is automatically authorized to make decisions on Client's behalf, and to approve the first draft design using Photographer's best judgement. If Client fails or refuses to produce a reasonable list of requested changes within a period of 60 days after receiving second draft, then the project will be deemed cancelled, and all deposits will be used to pay outstanding balances to vendors. Any unused portion of the deposit will be retained by Photographer as compensation.

If Photographer fails to produce finished albums within 180 days through no fault of Client, then all payments and deposits shall be returned to Client within 60 days of the date Client requests a termination of this agreement.

If finished albums are lost or destroyed in transit, or otherwise through no fault of either party, Photographer will attempt to collect on insurance. If that effort fails, both parties agree to split the actual cost of reproducing the order 50/50.
